MADISON METROPOLITAN
SCHOOL DISTRICT 

At Capital High, we serve students throughout the district at two campuses. We provide personalized learning that is guided by each student's Academic and Career Plan. With an emphasis on disciplinary literacy for college readiness, our students develop academic proficiency through a competency model that embraces multiple opportunities to master knowledge and skills. All students are placed in an Advisory, and as a supportive team of peers and staff, work in partnership to champion success.

School Principal:
Karyn Stocks-Glover

Equity Vision

Empowered by personalized learning in a diverse and supportive community, and strengthened by family and school partnerships, all students will graduate prepared to succeed on their individual pathway.

Strengths

Capital High is a learning community that meets students at the center of their own learning. Every student is supported to build his/her legacy through charting a personalized pathway to college and career.

Progress

Successful implementation of systems to support equity drivers: advisory, experiential learning, and competency-based teaching and learning.

Area for Growth

Capital High will continue to focus on increasing graduation rates and ensuring all graduates have a post-secondary plan.

Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.
