At Whitehorse, we have a strong tradition of success and pride as a school community that is based on providing high expectations for all with a focus on college, career and community readiness. We hold equity at the center of all priority-setting and decision-making in order to empower all students to achieve their full potential both socially and academically. Whitehorse promotes teamwork, collaboration, professionalism, restorative practices, and a strong dedication to life-long learning. We believe these attributes are essential in order to reach our academic goals and foster a warm and welcoming community of learners in which all students thrive.

School Principal: Amy Wederath

Equity Vision

The Whitehorse Community commits to cultivating a sense of belonging for students, families, and staff. We will identify and disrupt systems of oppression with regard to race and equity in order to ensure that all students are valued and challenged. We will work to create this change through purposeful collaboration, relationship building, and shared decision making to improve student outcomes.

Strengths

We believe educating young people is a collaborative effort. We rely on our community supports and partners to strengthen the learning opportunities and experiences for our students during and beyond the school day and building. We believe all students can be successful if they are understood and supported by the entire school community, and challenged through the use of a rigorous and relevant curriculum, delivered with dynamic and flexible instruction.

Progress

This past year we came together and demonstrated resilience and a commitment to the Whitehorse school community. We also grew in our commitment and understanding of the importance of educating through a strong lens of equity.

Area for Growth

We have a renewed sense of commitment and understanding of the importance of educating through a strong lens of equity. We will leverage our resources to intentionally focus on accelerating growth in student achievement in literacy and math. We believe that these efforts will result in a strong sense of belonging, trust, and safety for students, staff, and families.

Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.
