

SCHOOL PROFILE

Whitehorse Middle School

Address: 218 Schenk St | Phone: 608-204-4480 | E-mail: whitehorse@madison.k12.wi.us

At Whitehorse, we are committed to exemplifying perseverance, authenticity, and equity so that all students, families, and staff share a sense of belonging and so that students will be prepared to graduate ready for college, careers, and the community. We model perseverance by setting high expectations and learning from our mistakes; we model authenticity by expressing empathy, sincerity, and validation; we strive to create equitable conditions by listening to others actively and believing that every student is capable of learning. We invite families to join staff as we work together to foster these values in our students so that they may grow to be reflective leaders in our community and world.

School Principal: Christina Natalello

Equity Vision

At Whitehorse, we are committed to exemplifying perseverance, authenticity, and equity so that all students, families, and staff share a sense of belonging and so that students will be prepared to graduate ready for college, careers, and the community.

Strengths

We believe educating young people is a collaborative effort. Every staff member is committed to ensuring the high quality of education for all students. Due to our highly effective teacher teams, we have seen steady growth in our math scores. We value and celebrate diverse student voices and create opportunities for student leadership. We pride ourselves on providing multiple scaffolds to support students in their academic and social-emotional growth. We are also proud to provide a plethora of after-school clubs for students to explore their personal interests.

Progress

We pride ourselves on our high rates of attendance as compared to district averages, in particular our African American students. We believe these high levels of student engagement contribute to the increased percentages of students meeting their individualized growth goals for mathematics.

Area for Growth

We will double down in our focus on interdisciplinary literacy, with an emphasis on inquiry-based reading in order to increase the number of our students who can read at or above grade-level. Our revamping of structures to support Academic and Career Planning and Advisory will promote growth in our students' sense of self and belonging. Universal systems will transform all classrooms into welcoming, restorative environments.

Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.
