MSCR 21st Century Community Learning Centers

Madison School & Community Recreation (MSCR), a department of Madison Metropolitan School District (MMSD), currently manages and operates fifteen 21st Century Community Learning Center (CLC) Grants awarded from the U.S. Department of Education through Wisconsin DPI.

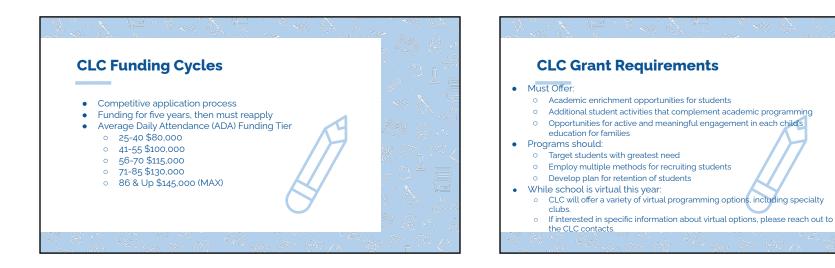

These grant programs target low-income, low achieving students. Our programs strive to improve academic achievement, especially in literacy and math, through tutoring/ homework assistance and hands-on academic enrichment during after school hours.

ESSA Equitable Shares Calculations

If participating per the Affirmation:

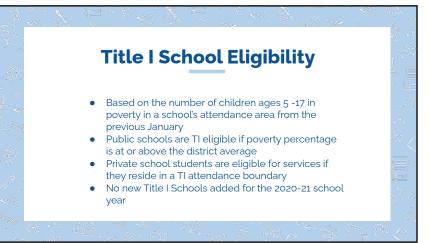

Title I allocation for services = # Low Income Students X Per Pupil Amount*

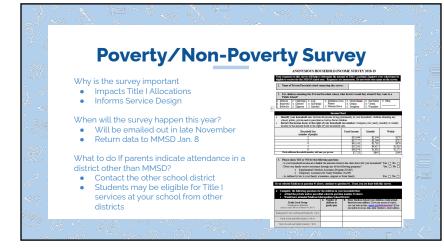

- Title II allocation Total Enrollment X Per Pupil Amount*
- Title III allocation for services Title III Enrollment X Per Pupil Amount*
- Title IV allocation = Total Enrollment X Per Pupil Amount*
- CARES Act allocation = Total Enrollment X Per Pupil Amount**
 - The use of total enrollment vs. low income enrollment is still in litigation at the federal level.

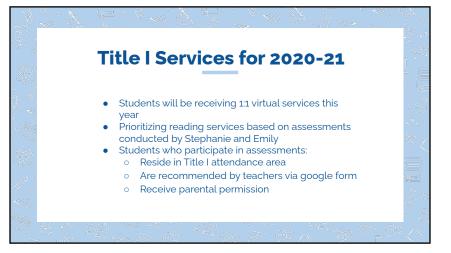

*Per Pupil Amount = Total award / (public enrollment + private enrollment)

ESSER

Elementary and Secondary School Emergency Relief Grant Program

- Part of the CARES Act
- Expenditures should be directly related to needs resulting from COVID-19
- Funds accessed through request and approval process similar to Title II-A and Title IV-A
- Equitable share calculation is still under litigation
- ESSER Funds Guidance on Private Allowable Costs

T-IV, ESSER and GEER Purchasing Reminders

- MMSD continues to make all purchases, MMSD can not reimburse the school, teacher, or principal for items purchased.
- MMSD will order from your preferred vendor, as long as they accept Purchase Orders. There are some vendors that will not, so MMSD will find similar items and order accordingly.
- Inventory Assurances
- If item requires a remodel to install or remove, then it is not an allowable expense on federal funds

Title III Affirmation

Title III, Part A

The purpose of Title III, Part A is to increase the English proficiency of LEP (Limited English Proficient) children.

English Learners that attend a private or parochial school in the Madison Metropolitan School District are initially identified by taking the English Language Proficiency screener. Students that qualify for Title III, Part A services through this assessment then participate in the ACCESS test which annually assesses. English proficiency levels. MMDD provides a highly qualified instructor to perform the ACCESS test qualifying private or parochial school. Teachers and schools that participate in Title III can also access professional development and student consultation throughout the year to learn beta practices for English Language Learners and strategies to help individual students.

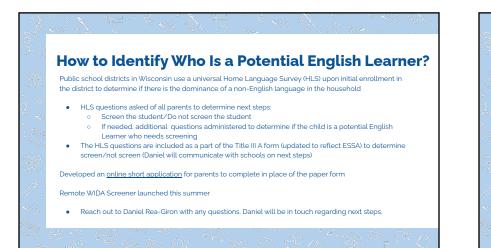

Title III-A Allocations - where does the money come from?

Public School Students (accepting/pending services) + Private School Students

= Total Students Participating in ACCESS 2020 (accepting/pending services)

Grant award / Total Students Participating in ACCESS 2019 x Private School Students = Allocation for services for Private/Parochial (accepting TItle III-A)

Reminders Professional Development & Coaching/Consultation - Contact Daniel Rea-Giron directly Interpretation provided by the district for IDEA related meetings (i.e. transition to a Service Plan) is for parents, not school staff - Inform Nik Franciskovich if interpretation will be needed EL Policy Handbook from DPI (ESSA) • Entry and exit criteria consistent across the state • Proficiency level of 5.0 moves to monitor status (started with 2018 ACCESS)
